August 17th, 1

Mrs. Alice M. Dunbar,
916 French Street,
Wilmington, Del.

My dear Mrs. Dunbar:

It gave me very great pleasure to read in your note of August 13th(13 was always my lucky number) that you would have the article so persistently solicited, by the 20th. I think it will prove of very great interest and value.

We had anticipated the pleasure of having you visit us for a few days. Please consider that the invitation remains open for anytime in the future that may be mutually agreeable.

I shall be only too glad to make the financial return promised for the favor which you have had the kindness to grant. I have so much to say to you that is not written. I hope that I may, however, see you personally some time this fall. I am,

Sincerely yours,

RCR/FBH
